

## Appearance Improver 6487

Appearance Improver is specially formulated for use in high temperatures and/or on extremely large refinish areas. 6487 will improve flow out and appearance of all Transtar Clearcoats used in conditions where temperatures exceed 90°F (32°C) and/or large refinish areas where extended open times are required to allow adequate integration of overspray.

### Surface Prep & Application

Refer to topcoat manufacture for surface preparation.

Mix with any Transtar, True Finish, Motor City or Signature Series Clearcoats to enhance the appearance in high temperature applications. Use 1 to 2 ounces per sprayable quart.
